The Society's Vision and Mission in Action

"You must not be content with tiding the poor over the poverty crisis: You must study their condition and the injustices which brought about such poverty, with the aim of a long term improvement." Frederic Ozanam

Every pillar and action we take is important and makes a positive impact in a person's life.

As a Conference, what percentage of time do you think you spend in each of the 3 Pillars? Would you like that to be different?
Are there simple steps you / your conference can take to change where you spend your time?
