

## Managing concerns in relation to a child or young person

### Things to remember:

- Document your concerns and how you followed this process as soon as possible after or during the process.
- Professional judgement and MRG should be used. You can still report to Community Services even if MRG does not require. Follow your professional judgement.
- If you're not sure what to do always ask a mandatory reporter for advice: call 1800 4 SUPPORT (1800 478 776) or your Executive Officer.
- Any member of the public can make a report by phoning 132 111.
